

“PASS IT ON”

What stories about where you live would you want to pass on? What is it that makes it interesting, brilliant, beautiful, and yours?

Over the few weeks Dominic Campbell will be making new maps of Corsham and surroundings from the stories that people want to share and he wants your help.

Take a walk with him and others, make maps, tell stories and collect new ones. You'll be looking at the place you live in and listening to the one your neighbour lives in. There may be sketching, recording, photographing and laughter.

Can you map stories, secrets, history, happy and sad, scents, music, romances, scenery, places to walk, routes to run, things to do, or life here?
