“Aspergers: A Minority Report” is a live theatre intervention looking at the world of the autistic spectrum. This pilot project gives the 98% of neuro-typical people the chance to see what they look like through the Aspergers lens.

Treading the fine line between irreverence and relevance, this performance will be followed by a chance to discuss the themes raised within it. After 90 minutes you may never see the world the same way again.

For more information or to book your place please phone 01380 871800 or email info.wsun@btconnect.com. Spaces are limited, so places will be allocated on a first come, first served basis – **please respond by March 16th.**
